

Get into the Bible

Matthew 4:4

The challenge:

The challenge is to Get into the Bible! You can do this in a variety of ways such as reading a verse a day, or a daily devotion a day, or reading a book of the Bible in a month.

Encourage the young people to share a verse that means something to them each day using the Bible App and make an image of it to put on social media.

This can be completed together in your BB sessions, or as an individual challenge "Bible verse a day challenge" that the young people do at home each day.

Resources:

Bible

Simply pick up the Bible and choose a book of the Bible and read it.
