

Fill a Christmas box

Jesus is the centre of Christmas

What you need:

- The template below
- Pencils
- Colouring in pens
- Scissors
- Glue
- Blank paper

The challenge

There are many characters and items linked with the Christmas Story. The challenge is to fill the Christmas Box with some of these characters and items either by drawing and colouring or by cutting out pictures and photos and then sticking them into the box on the page.

Encourage the young people to be as creative as possible when filling in the box.

Remind them that Jesus is central to the Christmas Story, we wouldn't have it without him, and that is why He is already in the centre of the box.

Read the story beforehand together and as you reach different characters you could draw them in the box or on a piece of paper and then cut it out and stick it into the box.

When everyone has finished leaders should take a photograph of everything that has been made and put all of them together in one big picture to celebrate the birth of Jesus.
