

TOILET ROLL

Company/Seniors

15 - 20 minutes

Friendship / All About Me

Game

WHAT YOU NEED

- 2 toilet rolls

Jesus showed an interest in getting to know other people wherever He went, even though He knew exactly who these people were and the plans that He had for them, He still took the time to be interested in who they were as people.

This game will encourage the young people to not only talk about themselves but listen to others as well and will then allow for conversation based on the topics in this game. It can be a fun one that is surprising for the young people who have never played it before and is always good for a start of session where new young people may be present or for new members who have moved up from a different section. This is a good one for leaders to join in on as well to allow the young people to get to know them and build up connections.

INSTRUCTIONS

1. Have everyone sit round together in a circle and pass around a roll of toilet paper.
2. Encourage the young people to take as much as they need, with no context given as to what the activity is. Ask those who know what the game is not to spoil it for those who do not.
3. Once everyone has taken some toilet roll, tell them that it is time to go around the circle and tell everyone a random fact per square of toilet roll they have.
4. At the end you can use the toilet roll for another game (i.e. a snowball fight) or recycle it.
