

CRAFT

Pinecone Bird Feeders

What you need:

- Pinecones
- Lard
- Bird seed
- String
- Bowls
- Newspaper or plastic covers

Instructions:

1. Prepare the tables by covering them with newspaper or plastic covers.
2. Wash the pinecones and tie string around the bottom to act as the hanger.
3. Work the lard with your hands to soften it up and mix in the bird seeds until it all starts to stick together.
4. Push the mix between the pinecone scales until you have made a big ball around the pinecone.
5. Refrigerate the pinecones until they have set.
6. Hang from the trees in the church property or take home and hang from the fence in your garden and watch for birds.
7. Take some pictures of any visitors that come to eat some bird seed and share it with the group.
