

BAKING

Melting snowmen biscuits

What you need:

- Digestives
- Icing sugar
- Water
- Strawberry laces
- Smarties
- Icing pens
- Chocolate Matchmakers
- Marshmallows
- Bowls
- Spoons
- Paper plates

Instructions:

1. Prepare the tables and set out all the materials needed.
2. Make up the icing, not too thick that is stiff and not too thin that it is super runny but should cover a digestive.
3. Put out a digestive on a paper plate.
4. Pour some icing on top of the biscuit and spread it out.
5. Put a marshmallow closer to one of the edges.
6. Using the icing pen, draw on some eyes and a carrot nose onto the marshmallow
7. Use the smarties for buttons.
8. Use the strawberry laces for a scarf and use the matchmakers as arms (these will need to be cut down).
9. Arrange the pieces so it looks like the snowman is melting. Let it set, and enjoy.
